

ELECTORAL ROLL REVISION 2021

Report for April 2021 APCM

As with everything, the Electoral Roll Revision this year of the pandemic, has been a tricky one upon which to rely.

Despite notices being sent out electronically every week about the revision, there have only been a few changes - (1 down, 2 up) and thus the numbers are 109, up from 108 the previous year.

I expect the next revision to reflect more closely the real situation with regard to numbers attending regularly and being on the Roll.
